

Present You More

~ With the Phalaenopsis Container Garden

2005/10/4

Welcome to the wonderland of Phalaenopsis.
It is absolutely nice to see the flowering
Phalaenopsis in the natural way. However,
we'd like to present you more with the

Phalaenopsis Container Garden.

For most of the types mini & medi, not much need to be done to complete a sculptured work while it is more about to choose the right combinations.

For the type Grand flora, comparable much more work need to be done, and also much earlier need to be start sometimes.

Depend on what you like !

With different types of materials and a bit more spirit, you can also have your unique work done.

Welcome to this wonderland !

Our pleasure to have your participation.

And we'd like to present you more !
